WORKING AT HEIGHTS SPECIALISTS

PROVIDING SAFE EFFICIENT ROPE ACCESS SOLUTIONS
FOR **HIGH-RISE** WORKSPACES. TRUST OUR EXPERTISE

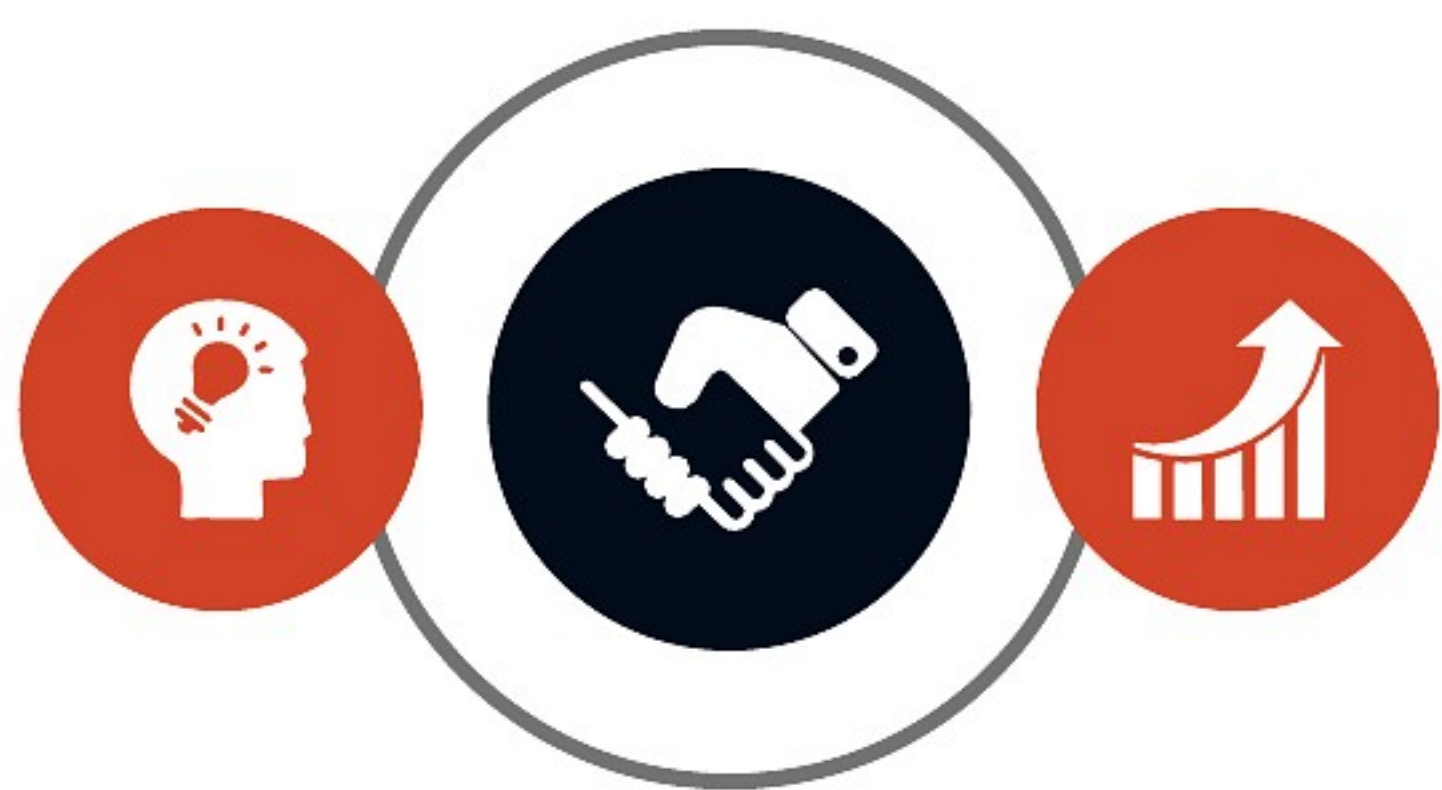

» ABOUT US

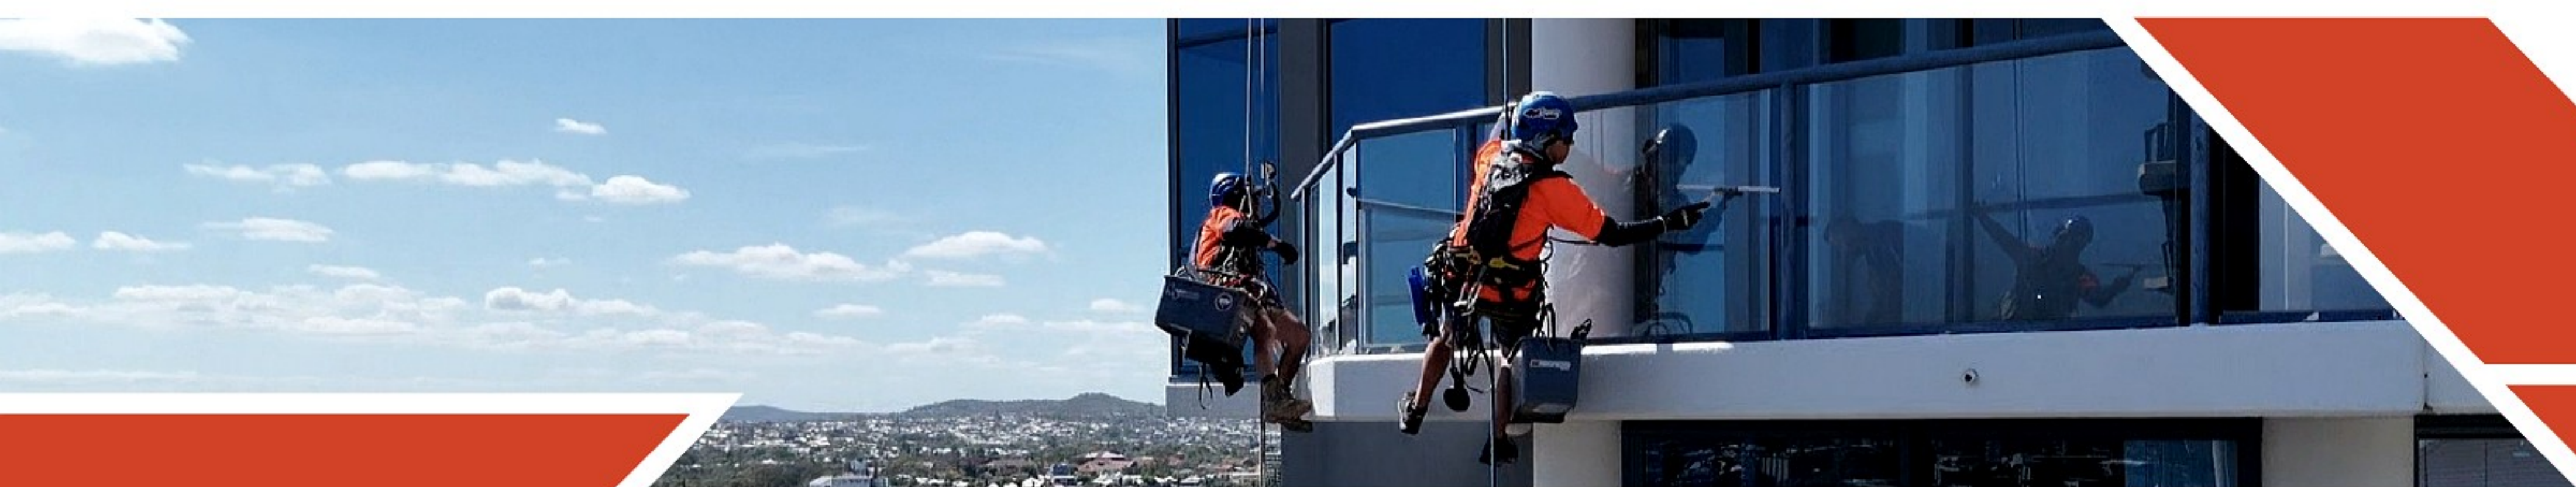

HighProperty Access is a Brisbane Based Rope Access company delivering High-Rise façade maintenance, external cleaning, painting, caulking, remedial works, and anchor point compliance services. We are fully insured and QBCC licensed, providing safe, efficient, and cost-effective solutions for hard to reach areas, without scaffolding, minimal disruption, and in full compliance with IRATA and Australian Standards.

WINDOW CLEANING Commercial & Domestic

Professional Window Cleaning for High-Rise and difficult access facades. We use Rope Access techniques to safely reach all glass surfaces, including inaccessible windows, balustrade glass, and architectural facades.

ENQUIRE • INSPECT • APPROVE • DELIVER

AT **HIGH**PROPERTY ACCESS - WE PROVIDE TOP QUALITY AND RELIABLE SERVICES FOR ALL OUR PROJECTS.

Increased Rental Rates

Attract tenants with a visually appealing, well-maintained building.

Professional Image

Maintain a polished and professional image across residential and commercial properties.

Reduced Maintenance Costs

Prevent premature colour deterioration and costly repairs with regular cleaning maintenance.

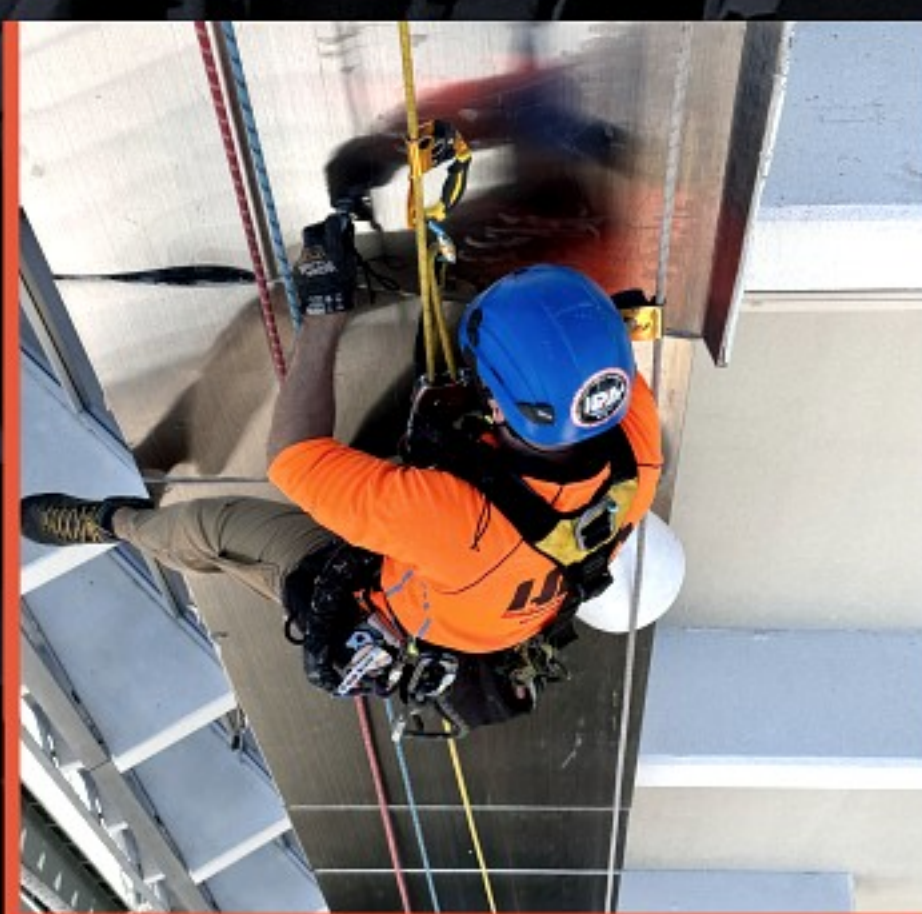

Improved Property Value

Boost your building's market value and investment potential.

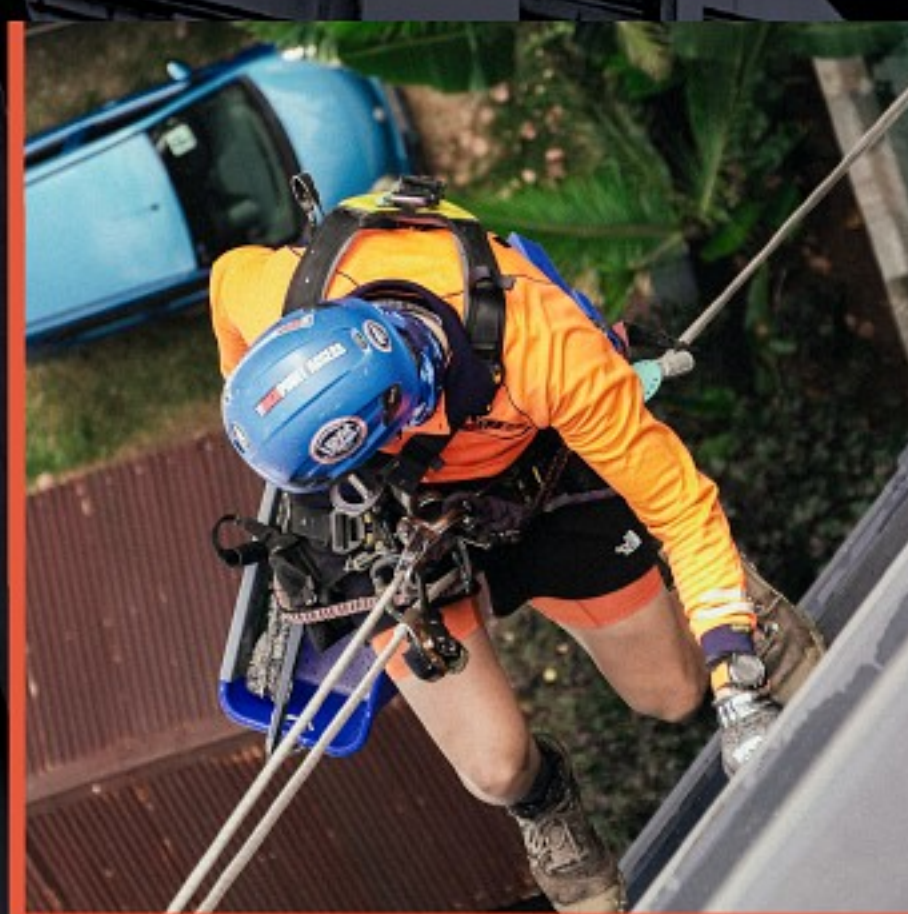

>> ABSEIL TRADE SERVICES

ABSEILING SOLUTIONS Anchor Point Installation

Our Abseiling solutions allow us to safely reach high or difficult access areas without the need for scaffolding or heavy machinery, ensuring minimal disruption and efficient project delivery.

BUILDING MAINTENANCE Remedial Building Works

We provide comprehensive Building Maintenance services designed to keep your property safe, compliant, and looking its best all year round with minimal disruption.

PAINTING Remedial Building Works

High-Rise Painting carried out entirely via Rope Access. Includes surface preparation, patching, primer application, and two coat paint systems for long lasting, High-Quality finishes.

PRESSURE CLEANING Building Washdown

Complete exterior Washdown using a gentle soft wash system and controlled pressure cleaning to remove mould, dust, pollution, and grime from façades while protecting building surfaces and finishes.
